Curriculum Philosophy	<p>30 years of research has indicated that children learn best through engaging in an emergent play based approach to learning. This approach is aligned with how children’s brain’s develop and grow in the critical early years, and set the foundation for higher functioning learning in the years to come. FCS Preschool’s curriculum approach emphasizes the importance of Social Emotional Development and Learning as the foundation and catalyst for later academic success in implementing the Teaching Pyramid Model. All practices and approaches to learning are aligned with Best Practices as outlined by The National Association for the Education of Young Children.</p>
Duties and Responsibilities	<ul style="list-style-type: none"> • Plan and implement a developmental and age appropriate program for children. • Ensure a safe, healthy and nurturing classroom environment compliant with CCL/Title 22. • Prepare materials and lesson plans which meet the individual needs of all children. • Perform ongoing screening, assessments and formal observations of children’s development. • Develop trusting relationships with children, parents and colleagues. • Maintain ongoing, open communication with parents and conduct parent conferences. • Participate in a multi-disciplinary team approach. • Develop portfolios that document the unique strengths, skills and areas of growth for the children in your care. • Contribute to ongoing development and evaluation of center’s goals and objectives. • Plan and attend parent/teacher meetings, in-service trainings and events. • Attend workshops, conferences, and professional development opportunities as needed.
