[admissions@  
fremontchristian.com](mailto:admissions@fremontchristian.com)

Fremont Christian School was established in 1968 as a ministry of Harbor Light Church. FCS provides every child from 18 months old through high school graduation with a safe place to grow, learn, and explore their faith. Though we teach Jesus wholeheartedly, students of all faiths are welcome in our community.

At FCS, we desire for every student to see themselves and everyone around them as the *imago Dei*: unique individuals made in the image of God, for a purpose. Time spent at FCS is an opportunity to learn and grow further into the person God has designed them to be.

### INSTRUCTIONAL PHILOSOPHY

FCS provides a growth-oriented, advanced college preparatory curriculum that reflects a biblical worldview. [Guided Language Acquisition Design \(GLAD\)](#), a research-based model rich in advanced vocabulary, supports instruction across content areas, promotes metacognition, encourages gradual release of responsibility, and embodies 21st-century learning. The GLAD model emphasizes problem-solving, respecting others, and making wise decisions. Metacognitive learners are able to reflect on and analyze their own learning: *Does this make sense? How am I doing? What am I doing well? What can I do better?*

### ACADEMIC COMPETITIONS

Through the Association of Christian Schools International (ACSI), students have the opportunity to participate in a variety of competitions, including the National ACSI Spelling Bee for Grades 1–5, and ACSI Math Competition for Grades 3–8. TK–5 students devise, construct, and complete science projects that are then displayed at our annual on-campus STEAM Showcase.

### MATHEMATICS COMPETITIONS

Math competitions include Math Kangaroo for Grades 1–5, Noetic Learning Math Contest for Grades 2–5, ACSI Math Competition for Grades 3–5, and AMC-8 (American Mathematics Competition) for Grades 3–5. [Learn More](#)

### CENTER FOR TALENTED YOUTH

FCS participates in the [Johns Hopkins Center for Talented Youth \(CTY\)](#) for students in grades 2–8. CTY identifies advanced academic talent in young people and encourages them to maintain high academic standards for themselves throughout their school years. Highly supported at FCS, participation in CTY can open new resources, including a peer network for academically minded young people worldwide.

### SOCIAL EMOTIONAL DEVELOPMENT

[Friendzy](#) is a social-emotional character-development program designed to build healthy relationships, improve motor skills, and reduce stress. It is a solution to tackle the friendship challenges every student faces. FCS uses Friendzy from TK through high school.

### VISUAL AND PERFORMING ARTS

Elementary students develop collaborative skills via weekly music classes and musical productions throughout the year. Grades 3 through 5 can participate in handbells. Grades 4 and 5 have additional music opportunities to participate in percussion, jazz, and woodwinds. [Learn More](#)

### TECHNOLOGY INTEGRATION

We incorporate a broad range of platforms and web applications to help prepare students for life after FCS. Some of the platforms we integrate into our curriculum, including Canvas, are used at universities and workplaces across the nation.

## SUBJECT LIST

### GRADES TK-5

Bible: Building on the Rock

Language Arts & Reading:  
The F&P Classroom

Math Expressions

Science & Social Studies:  
UpLevel

D'Nealian Handwriting

Engineering Is Elementary

Friendly Social Emotional Learning

### GRADES 3-5

Challenge Math:

A weekly, teacher directed, independent project experience to challenge students who show readiness for more rigorous content.

## SPECIAL OFFERINGS

Chapel

Music Education

Physical Education

Technology Integration

Handbells (Grades 3-5)

Band (Grades 4-5)

Athletics (Grades 4-5)

## FCS COMMUNITY EVENTS

Parent Connect Mornings

Fun Friday Afternoons

The Family Dance

Family 5K

Annual STEAM Showcase

Annual Musical

Music Performances

Harbor Light Church Holiday Events

Harbor Light Church Girls & Boys Clubs

## NATIONAL COMPARISON

Administered three times a year, the Measure of Academic Progress (MAP) assessment is a series of computer-adaptive evaluations that measure what students know and what they are ready to learn. The Norm Grade Level Mean RIT is the average score for students in the same grade across the country who completed the MAP assessment for that content area. Elementary students at FCS scored above the Norm Grade Level Mean RIT score in each subject.

### Percentage of Students who Scored Higher than the National Average by Grade Level

## ATHLETICS

All elementary students have a twice-weekly physical education class that helps develop their skills, encourages health, and introduces them to various sports. Ask our athletic director about programs in development for competitive elementary athletics. We also offer competitive basketball and intramural soccer for grades 4-5. [Learn More](#)

## FIELD TRIPS

Our elementary students typically experience two annual field trips designed to support classroom learning by meeting content-area standards in vibrant and fresh learning environments. Upper-elementary students each participate in an overnight experience. Studying the science and history of the California Gold Rush, fourth graders spend the night in the California foothills for an authentic 1840s experience. Our fifth graders attend science camp at Mount Hermon for a four-night stay.

## AFTER-SCHOOL ENRICHMENT

We offer a range of exciting and educational on-campus after-school enrichment programs, including acting, art, chess, math, piano, and STEM classes. These classes change throughout the year. **NEW:** Robotics (by invitation)

## EXTENDED CARE

Elementary (TK-5) care is available for mornings, starting as early as 7:00 AM, and afternoons, ending at 6:00 PM. Included activities are planned time for reading and homework, crafts and games, outdoor play time, and access to our campus snack bar. Parents may also wish to add an after-school enrichment class. [Learn More](#)

## VOLUNTEER

We welcome volunteers at FCS. We encourage you to talk with your child's teacher about how you can become a parent volunteer in their classroom, on a field trip, or during a school activity. [Learn More](#)

## LOOKING AHEAD: FROM ELEMENTARY TO JUNIOR HIGH

Transition confidently to junior high right here on our campus, where your child will continue learning with familiar faces and supportive teachers. With a balanced focus on academics, arts, athletics, and leadership, we help students continue to grow and thrive. [Learn More](#)

**Grow with the community you trust.**

**From elementary through high school, we are here every step of the way.**
