

FCS SECONDARY CAMPUS DRESS CODE GUIDELINES

2023-2024

Updated 7/14/2023

GOALS OF DRESS CODE

An important goal of a dress code is to teach young people that in life, different types of dress are appropriate for different occasions and/or environments. Fremont Christian School (FCS) parents, guardians, and students accept the decision of FCS administration as final in matters of school policies and procedures, including the dress code which is established for a high school college preparatory environment. To that end, students at FCS are expected to be clean and neat in their personal appearance, observing standards of modesty and moderation. “Modesty in dress” at FCS requires that students refrain from wearing such items as tight-fitting, body-hugging, revealing, sagging, or extremely baggy clothing, which displays visible cleavage, bare midriffs, undergarments, etc. Clothing items which distract from Fremont Christian School’s academic environment are also prohibited. Since the parent, guardian, or homestay host is the primary educator of the student, it is the adult’s responsibility to ensure that the student is in correct dress code on a daily basis while on campus and at school functions.

The school reserves the right to regulate against fads or fashions that reflect negatively on the school and/or student, are distracting, and/or not in keeping with FCS mission, values, and goals. Interpretation and decisions in matters pertaining to dress code are necessary; thus FCS administration is the final and sole authority of what is, or is not, acceptable for students while they are representing Fremont Christian.

HAIR DONATION PROGRAM GUIDELINES FOR MALE STUDENTS

A male student may wish to donate hair to a non-profit organization that provides hairpieces to financially disadvantaged people who are suffering from long-term medical hair loss. Because participating hair donors must grow their hair to a minimum length of 10 inches and FCS male students must maintain a specific hair style with length limits, participation in any donor program seems to present a conflict.

However the school understands a male student's compassionate and sincere desire to serve others and helps those in need. At the same time, students cannot abuse the privilege of donor participation to circumvent the hair code. As a result, any male student who expresses a desire to participate in a hair donor program must comply with all of the following conditions:

1. Students must submit a signed note from a parent/homestay host or legal guardian to the Vice-Principal before the third week of every school year for approval.
2. The length of the student's hair must be a minimum of 5 inches by the third week of the school year.
3. Participation is limited to grades 6-11.
4. Students must keep their hair well-groomed, with hair longer than top of shoulders/bottom of neck banded close to the head and tucked under the collar.

A student's participation can be suspended for any of the following reasons and additional discipline consequences may be deemed necessary.

1. Failure to cut hair before the last week of class.
2. Failure to present proof of hair donation to Vice-Principal.
3. Failure to keep hair groomed properly.

These regulations are present to allow students the opportunity to serve others in need without compromising the spirit behind the existing dress code guidelines. The secondary campus will continue to allow this service opportunity as long as the privilege is not abused.
